A Legacy in Racing Excellence

The world of pigeon racing is steeped in tradition, innovation, and fierce competition. A name that is growing a fierce reputation is Tom Van Gaver, whose pigeons have garnered widespread recognition for their exceptional performance and enduring legacy. This auction offers a unique opportunity to own some of the best racing pigeons in the world today.

Tom Van Gaver hails from Belgium, a country recognised for its rich history in pigeon racing. He established his loft with a vision of breeding pigeons that could consistently excel in both short and long-distance races. By meticulously selecting and pairing birds based on performance and pedigree, Van Gaver developed a strain that quickly rose to prominence among European pigeon fanciers.

This auction offers the best of Tom's family. Ype Hemstra has invested huge sums to own what can only be described as the strongest team of Tom Van Gaver pigeons outside of Tom's own lofts.

Ype has brought this team of youngsters all bred from Tom's direct champions to the UK without reserve and with the knowledge that they will provide the big winners of the future. The sale offers us a great chance to handle and own the best of the best.

This family of pigeons have often been noted for their robust structure, well-balanced body, and soft quality feathering. These qualities contribute to their resilience during demanding flights.

They are known for their intelligence, adaptability, and strong homing instinct. Their calm temperament makes them easy to train and manage, a key factor in their racing success.

The family Tom has created are celebrated for consistently achieving top positions in competitive races, particularly in middle and long-distance events.

Over recent years, Tom Van Gaver pigeons have amassed a remarkable record of victories. They have performed admirably in national and

international competitions, often clinching top honours against formidable rivals. Their success has made them highly sought after by fanciers worldwide, with many seeking to introduce Van Gaver bloodlines into their own lofts to enhance racing outcomes.

The legacy of Tom Van Gaver pigeons represent a benchmark for quality and dedication in the pigeon racing community,

inspiring both seasoned enthusiasts and newcomers to pursue excellence. This is the first time a whole team of Van Gaver pigeons has been offered for auction in the UK, they will go on to enhance the already well-known name of a new legend within our sport

**Ype Hemstra:
One of the star performers of Dubai OLR**

When talking about top-tier pigeon racing in the Netherlands, the name Ype Hemstra stands tall. A seasoned and passionate fancier from Buitenpost, Ype Hemstra’s name has become synonymous with excellence. Ype’s love for pigeons started at the tender age of seven. Without any family influence—his father had hoped he’d take up kaatsball—Ype pursued pigeon racing independently. His journey began at the De Koerier association in Buitenpost, where his dedication to the sport took flight.

Success Across Two Lofts

Ype now operates two active lofts: one in Buitenpost, managed alongside loft caretaker Dirk Jelle Drost, and another in Sint Jansklooster, known as Hok Hemstra, cared for by Henri van der Linde. Despite being in different locations, both lofts operate under Ype’s breeding vision and have achieved remarkable success. In recent years Ype has won many Ace Pigeon awards and remarkable results and he has always had an eye for good pigeons. He invested heavily in the pigeons from Leideman Brothers including several direct children from the No 1 hen Goede Grijs, and now he has done it again with the pigeons from Tom Van Gaver.

Loft Management & Philosophy

Ype’s approach to pigeon care is methodical yet natural. At the Buitenpost loft, approximately 30 breeding pairs and 60 racing pairs are managed under total widowhood. Birds are released once a day and trained from the first department flights – no additional training or darkening programs are used for older birds. Henri’s care in Sint Jansklooster follows a similar ethos: minimal intervention, consistent routine, and a strong belief in the natural rhythm of the birds. Pigeons are flown on total widowhood, and performances are backed by nutrition from Beyers and Vanrobaeys, natural supplements from Aldert Hiemstra’s Almar-products, and minimal use of medications.

Breeding & Bloodlines

Ype’s lofts are stocked with high-caliber pigeons from:

- Gebr. A & B Leideman
- Leo Heremans (Belgium)
- Maurice Hasendonckx (Belgium)
- Tom Van Gaver (Belgium)

This international blend has created a powerhouse of performance genetics, with proven results on the biggest stages.

Recent Achievements

In the competitive circuit of Friesland Department ’96 and CCG De Walden, Ype’s loft achieved:

- 1st General Champion (undesignated)
- 2nd General Champion (designated)
- 1st Pigeon Champion General with Frau Korner
- 1st Pigeon Champion Day Long Distance with Olympic Kaasboer
- Multiple top pigeon and loft rankings across all categories

The sex of the youngsters is not guaranteed.

LOT 1 NL 25-1492737 Chequer Finn-Tetske 737. This Lot is a really inbred grandchild to Finn, Tom Van Gavers No 1 basic breeder, and has all the hallmarks of a future golden breeder. This family are so reliable from all types of races and are well suited to the British way of racing pigeons. We will see this family rise to dominance over the middle to long distance events in the coming seasons and this auction gives us the opportunity to be one of the first to have them. While there are currently a handful of knowledgeable UK lofts that have managed to acquire one or two of these outstanding Van Gaver pigeons, it is important to note that, as yet, no one in the country possesses them in significant numbers. This auction, therefore, represents a unique opportunity for fanciers to secure a larger share of this exceptional bloodline, which has previously been limited in its availability within the UK. As always, Ype Hemstra has found a way to be ‘in there’ first, his commitment and investment is huge and now, through him, we have a chance to get our hands on pigeons that are usually

sold internationally and beyond the reach of us mere mortals. **SIRE** Belge 20-4225779 he is a direct son from the No 1 cock Finn and his mother is the unbelievable hen Tetske.
